

## **Social Media Policy**

A significant function of the Governor's social media accounts is to open channels for constituent service and engagement. We value constituent inquiries, as well as constructive feedback and criticism. To that end, we have established the following policies for social media that we hope everyone can abide by:

-Facebook and Twitter accounts should not:

- Use profane, vulgar, or violent language;
- Impersonate another person or legitimate organization;
- Engage in spam activities;
- Be established as "bots," fake accounts, or verifiably not associated with a specific individual or legitimate organization; or
- Violate state or federal laws, including transparency and/or disclosure laws.

-Comments may be deleted, or accounts may be blocked, if they engage in any of the above activities.
